Key Insights

1. Experience what Apple Vision Pro can do and how spatial computing is different than AR / VR.
2. Understand why enterprises are adopting Apple Vision Pro and how to figure out the business case
3. What does the path to success look like?

VR

Oil Pump - Fitting

Lower Rocker Cover Gasket - Removal

- ☐ Clean the rocker cover and the surrounding area.
- ☐ Remove the top part of the rocker cover.
All the valve mechanism components must be refitted in their original positions. Therefore, mark the parts as they are removed.
- ☐ Relieve the pressure on the valves by undoing the bolts on the rocker arm shaft alternately.
- ☐ Remove the rocker arm shaft assembly.
- ☐ Remove the bearing bracket.
- ☐ Detach the cables on the unit injector. The screws cannot be removed but unscrew them as much as possible. Detach the cable bracket and
